for courses in historiography this textbook reader not only details the history of historical practice and explains historical theories and philosophies in language that is accessible to college undergraduates it also provides excerpts to illustrate these historical approaches and help students to identify them in their own writing and in the writings of contemporary historians the book is organized into two main parts the first part traces the origins of contemporary american historical traditions to their roots in ancient greece

and explains how the profession of history emerged and developed in Europe and America through the nineteenth century. The second part focuses more specifically on historiographical developments in the United States since the nineteenth century.

How to Get Started in Arts and Humanities Research with Undergraduates is designed for faculty members and administrators who wish to develop opportunities for undergraduate research scholarship and creative work in the arts and humanities. Since the scholarly norms, definitions of research, and roles of collaboration and individual study in the arts and humanities can differ from those in the sciences, the book contributes new ideas for meaningful student participation in the scholarship of these disciplines and for connections to faculty work. Written by faculty with substantial expertise in working with undergraduate researchers, the book's 11 chapters offer models of successful practice in a wide range of disciplines and cross-disciplinary programs and demonstrate the integral role of undergraduate research in these disciplines.

The Experience of History is a lively and passionate introduction to the field that encourages students to seek and appreciate history inside the classroom and beyond. This work defines history as a discipline and the role of historians within it, addresses the analytical and critical thinking skills needed to engage with the past, discusses a variety of important topics in the study of history such as historical evidence, primary documents, divisions of history, forms of historical writing, historiographical traditions, and recent categories of historical research. Written by a renowned scholar of European history, this work helps students to become discerning examiners of history and historical evidence in a variety of modern settings like art, architecture, film, television, politics, current events, and more. Learn more about the author and his passion for history in this interview with *Popular Blog Five Books*. fivebooks.com/interview/ken-bartlett-renaissance-books/

Undergraduate Research: An International Handbook can be defined as an investigation into a specific topic within a discipline by an undergraduate student that makes an original contribution to the field. It has become a major consideration among research universities around the world in order to advance both academic teaching and research productivity. Edited by an international team of world authorities, this handbook is the first truly comprehensive and systematic account of undergraduate research, which brings together different international approaches with attention to both theory and practice. It is split into sections covering different countries, disciplines, and methodologies. It also provides an overview of current research and theoretical perspectives on undergraduate research, as well as future developmental prospects of UR. Written in an engaging style yet wide-ranging in its scope, it is essential reading for anyone wishing to broaden their understanding of how undergraduate research is implemented worldwide.

this book examines the post 1960s era of popular music in the anglo black atlantic through the prism of historical theory and methods by using a series of case studies this book mobilizes historical theory and methods to underline different expressions of alternative music functioning within a mainstream musical industry each chapter highlights a particular theory or method while simultaneously weaving it through a genre of music expressing a notion of alterity an explicit positioning of one's expression outside and counter to the mainstream historical theory and methods through popular music seeks to fill a gap in current scholarship by offering a collection written specifically for the pedagogical and theoretical needs of those interested in the topic

inner city sydney was the epicenter of gay life in the southern hemisphere in the 1970s and early 1980s gay men moved from across australia to find liberation in the city's vibrant community networks and when hiv and aids devastated those networks they grieved suffered and survived in ways that have often been left out of the historical record this book excavates the intimate lives and memories of hiv positive gay men in sydney focusing on the critical years between 1982 and 1996 when hiv went from being a terrifying unidentified disease to a chronic condition that could be managed with antiretroviral medication using oral histories and archival research cheryl ware offers a sensitive moving exploration of how hiv positive gay men navigated issues around disclosure health sex grief death and survival hiv survivors in sydney reveals how gay men dealt with the virus both within and outside of support networks and how they remember these experiences nearly three decades later

does the discipline of history need a reformation how should christian faith shape the ways historians do their work this book written for students considers the how of doing history the authors first examine the current liturgies of the historical profession and suggest that the discipline is in crisis they argue for reformed christian practices and methodologies for history the book asks important questions why do we do history and for whom how should faith shape how we do our research and tell stories what do we owe the dead how should christian historians practice dangerous memory and how can christian historians do justice love mercy and walk humbly with god how might we rethink reform renew reimagine and re practice the study of the past christian historians must be sentinels of hope against the world's forgetfulness the authors argue and this book offers some pathways for rethinking our practices from a christian perspective

despite the important methodological critiques of the mainstream offered by heterodox economics the dominant research method taught in heterodox programmes remains econometrics this compelling handbook provides a comprehensive introduction to a range of alternative research methods invaluable for analysing the data prominent in heterodox studies providing a solid basis for a mixed methods approach to economic investigations the

expertly crafted contributions are split into three distinct sections philosophical foundation and research strategy research methods and data collection and applications introductions to a host of invaluable methods such as survey historical ethnographic experimental and mixed approaches together with factor cluster complex and social network analytics are complemented by descriptions of applications in practice practical and expansive this handbook is highly pertinent for students and scholars of economics particularly those dedicated to heterodox approaches as it provides a solid reference for mixed methods not available in mainstream economics research methods courses

examines the immediate and long term impact of the vietnam war on a wide range of people and social groups both americans in the united states and in vietnam
